

Roster Synchronization and Single Sign-On Made Easy with

Clever

Big Ideas Learning® is pleased to announce a partnership with Clever. Clever securely connects with your Student Information System (SIS) and synchronizes rosters for you automatically.

Please visit the Clever Help Center at support.clever.com for more information.

What is Clever?

Clever's technology makes it easy to connect Student Information Systems (SIS) with learning applications. Software is automatically rostered for district administrators, kept up-to-date for classrooms, and installed with one-click logins for students.

Who uses Clever?

Clever is managed by district IT and curriculum teams and used by school administrators, teachers, and students to instantly access their learning applications, like *Big Ideas Math*, with a single username and password.

What Student Information Systems work with Clever?

Clever is compatible with all Student Information Systems, and depending on the SIS, offers an Automatic Sync or SFTP Sync. Visit clever.com/autosync for more information.

Is Clever secure? What does Clever do with my data?

Clever is 100% FERPA compliant. Districts always have complete control over their data in Clever. Visit clever.com/security for more information.

Do I have to pay for Clever?

Clever and Big Ideas Learning do not charge school districts an additional fee to use Clever's services.
