

There are three ways teachers and students can login to the *Big Ideas Math* online platform via Clever:

1. Go to BigIdeasMath.com and click the “Login with Clever” button. You will be directed to a Clever page where you can pick your school and type in your credentials or use your Clever badge.
2. Districts using Clever will be provided with a Clever portal URL. Teachers and students can login with their Clever credentials at this URL.
3. The district can set up a link in their Learning Management System (LMS) that will automatically connect the students to BigIdeasMath.com.

Please contact your IT department if you are not sure what your Clever portal URL is or if you are not sure where to login.

The image shows a blue login form titled "Log in to Clever". It features two input fields: "Username" with a person icon and "Password" with a lock icon and a "Show Password" link. Below the fields is a large blue button labeled "LOG IN TO CLEVER". At the bottom, there is a link: "Need help? [Activate your account](#) or [Reset your password](#)".

After you have logged in via Clever, click on the Big Ideas Learning icon. You will be directed to the *Big Ideas Math* online platform.

Teachers will already have their classes loaded for them, but they will need to add a book to each class. Click on your name in the top-right corner of the screen. Click *Class Management*. Click *View* next to a class. Under *Books*, click *+Add additional books* and choose a book. After you are done choosing a book or books, click *Save Changes*. Do this for each of your classes.
